

SCORE YOUR DREAM COLLEGE

We all know that where you go to school can make a difference in the way you live the rest of your life. If you're a Kentucky Governor's Scholar, then you've done most of the work already.

But there's one more hurdle before getting that acceptance letter to your Dream College: a high score on your college boards. Whether you need to ace your SAT's or ACT, you now have the help you need to Score Big.

It's easy. You'll receive an email shortly from PrepMe. Just sign up for *Score Your College Dream* and Voila! You have instant access to the online tutorial that has helped students throughout the nation improve their SAT scores by an average 305 points and ACT by 4-5 points!

Higher scores can do more than help you get into the school you want—it can help increase your scholarship support so you can afford that school. Whether you're dying to be a Wildcat or a Cardinal; dreaming of Brown, Harvard or Vassar; or deciding between Eastern and Western Kentucky, now you have the leverage to put the decision in your hands.

As Prep Me says: Prepare, Relax, Ace.

Oh, and when your dream comes true, write a thank you note to PrepMe and their partners in the *Score Your Dream College* program.
